

# Emmanuel Januarie

## Software Developer

As an aspiring professional in software development, I am seeking a challenging opportunity in full-stack development. I have gained valuable experience through several self-initiated projects and active participation in rigorous coding competitions, which have provided me with real-world work scenarios to further enhance my skill set.

## Expertise

### Python

- Lambda
- DL With Python
- ML with Python

### Front-End

- CSS
- HTML
- Bootstrap & Bulma Framework

### Back-End

- JavaScript
- C#
- PHP

### Angular

- TypeScript
- RxJs
- Ionics framework
- NodeJs

### Other

- Visual Basics
- Systems Development
- SQL & MySQL
- Azure

## Soft Skills

- Communication
- Problem-solver
- Time management
- Adaptable
- Critical thinker
- Interpersonal skills
- Self-Motivated
- Collaboration
- Strong work ethic

## Languages

English  
Afrikaans

## Experience

### Angular

Created "[CTU Buddy](#)", a college website for students, with TypeScript and Node.js. Achieved 95% success rate, showing its effectiveness and my dedication to impactful digital solutions. Implemented a real-time chat environment with C# backend.

### Front End

Engineered "[SLUMBER](#)", a sophisticated Dream Journal web page, utilizing industry-standard technologies such as HTML and CSS. This project showcases my proficiency in front-end development and my commitment to creating user-friendly digital interfaces.

### Backend

demonstrated my skills by implementing a server using Node.js, which served as a crucial link between the user interface and the database. I've also showcased my ability to work with cloud platforms by hosting databases on Heroku. Furthermore, my expertise in database management was highlighted through my use of DBeaver, where I leveraged MySQL to establish connections. This experience underscores my commitment to creating efficient and robust digital solutions.

## Education

- 2/2018 - 11/2022**  
**Diploma in Information Technology & Computer Science** [EC Midlands College Uitenhage, Park Avenue ,SA](#)  
  
Major in Web Dev
- 2/2023 – current**  
**Diploma in IT Systems Development[NQF- Lvl4]** [CTU Training Solutions Port Elizabeth, Newton Park, SA](#)  
Major in Python Dev  
Major in Web Dev  
Major in Network Architecture  
Major in Cloud Fundamentals  
Major in Robotics Dev

**Information Technology Specialist - Python** [Certiport \[7/2023\]](#)  
**Information Technology Specialist – HTML & CSS** [Certiport \[10/2023\]](#)

## Other

- Gold award:** Won 1st place for development of Employee UI with Code(World Skills competition)(6/2020)
- Participated in National Worlds Skills Competition:** for IT Business Solutions, 4<sup>th</sup> place
